Subject: Amendment to Ordinance No. 07-136 relating to the Coco Palm Estates Multipurpose Maintenance and Street Lighting Special Taxing District

Recommendation

In accordance with Article 1, Section 18-16 (i) of the Code of Miami-Dade County (Code), it is recommended that the Board of County Commissioners (Board) approve an amendment to expand the boundaries of the Coco Palm Estates Multipurpose Maintenance and Street Lighting Special Taxing District (District), created by Ordinance No. 07-136, to include contiguous property. Inclusion of the said property into the District will meet the subdivision lighting requirement pursuant to Chapter 28 of the Code. The multipurpose maintenance program will remain dormant until such time as any association or Community Development District (CDD) fails to provide the required maintenance services.

Scope

The District lies within Commissioner Daniella Levine Cava's District 8. If approved at public hearing, street lighting services and other multipurpose maintenance services will be provided to the annexed area by the District.

Fiscal Impact/Funding Source

Annexing said property into the existing District will not result in an economic impact on the Miami-Dade County (County) budget. Annexing said property into the existing District will result in a significant gain of assessable footage and a slightly higher operation cost. However, a lower annual rate will result since the annual rate is directly proportional to the operation cost but inversely proportional to the assessable footage. The developer, pursuant to Section 18-2 of the Code, is required to fund all costs incidental to amend the District's boundaries including the costs to install, maintain, and operate the District's street lighting system for the first year of service. Maintenance services which cannot be equitably or conveniently provided by the property owners shall be provided by the District upon acceptance of the plat required improvements by the County and upon the failure of any association or CDD to provide the required maintenance services. District services will be funded by annual special assessments against the benefited properties. If this amendment is adopted, District operational costs will be collected in the District's annual rate and applied uniformly throughout the District's amended geographical boundaries for the second and succeeding years.

The economic impact on the expanded area's residents will be a perpetual annual special assessment for the cost of street lighting and maintenance services to all property owners within the District. The Florida Power and Light Company (FPL) is the owner of the street lighting system and, therefore, will derive revenues from it.

At this time, there will be no increase or decrease in County staffing due to this amendment. The private sector may increase its staffing levels to provide the services required by amending the District's boundaries.

Track Record/Monitoring

The County's Public Works and Waste Management Department (PWWM) is the managing entity overseeing this item and the person responsible is Michael R. Bauman, Chief of the Causeways and Special Taxing Districts Division (Division).

Background

The Division will monitor FPL's agreement, installation, and billing process, and will do so within the expanded boundaries if the District's ordinance is amended. In the event any association or CDD fails to provide maintenance services within the District, the Miami-Dade County Parks, Recreation and Open Spaces Department (PROS) and the Division will provide the District's required maintenance services and cause implementation of special assessments for the costs of such services against the benefitted properties.

Area to be Annexed:

On the North, SW 248 Street;
On the East, theo. SW 116 Avenue;
On the South, theo. SW 251 Lane;
On the West, SW 117 Avenue.

District Boundaries as Amended:

On the North, SW 248 Street;
On the East, theo. SW 114 Avenue;
On the South, State Road #821
(Homestead Extension of Florida's Turnpike);
On the West, theo. SW 118 Avenue.

Number of Parcels to be Added:

1 (the tentative plat proposes 181 single-family lots, 309 townhouses, and 253 townhouse villas for a District total of 743 units).

Number of Owners within Annexed Area:

1

**Number of Owners With Homestead
Exemption Signing Petition**

None – The petition for the annexed area was submitted by Coco Palm 82, LLC., the sole property owner and developer.

Preliminary Public Meeting:

None necessary.

Required Referendum:

The amendment of the District's boundaries will be subject only to the Board's approval; no election will be necessary as 100 percent of the property owners signed the petition.

Preliminary Assessment Roll:

The street lighting assessment roll is submitted on the same agenda as a separate agenda item for consideration and adoption by the Board and contingent upon the Board's approval of this amending ordinance. In the event any association or CDD fails to provide the maintenance services below, a hearing to adopt

the multipurpose maintenance assessment roll will be conducted at that time. The implementation of the assessment rolls will be in accordance with the procedures defined in Chapter 18 of the Code.

Proposed Service and Improvements
Multipurpose Maintenance Services:

The amendment of this District is requested to maintain the landscaped areas and swales within the amended District's boundaries and common areas (Tracts B through F; H through M1; and O1 through L2 along with ingress/egress Tract A) within the private road area should any association or CDD fail to provide these services. Failure to provide maintenance within the private road area is defined in a non-exclusive easement granted to the County and recorded in the Public Records.

Street Lighting Improvements:

If this ordinance is amended, the District will install, operate, and maintain a total of eight (8) 16,000 lumen sodium vapor bracket-arm streetlights mounted on concrete poles.

Estimated Initial Billing:

Assessment billed annually as an itemized portion of the annual tax bill.

Initial Start of Service

Multipurpose Maintenance Services: October 1 following cessation of maintenance services by the developer and failure of any association or CDD to provide services.

Street Lighting Services: November 2017, following the provision of street lighting services by the developer for the first year.

Method of Apportionment:

| | |
|--------------------------|----------------|
| Maintenance Services: | Square Footage |
| Street Lighting Service: | Front Footage |

Estimated Annual Total Cost:

| | | |
|--------------------------|--------------------------|---------------------------|
| | <u>First Year</u> | <u>Second Year</u> |
| Maintenance Services: | \$0 | \$207,735.72 |
| Street Lighting Service: | \$19,334.97 | \$3,071.11 |

Estimated Annual Rates:

| | | |
|--------------------------|--------------------------|---------------------------|
| | <u>First Year</u> | <u>Second Year</u> |
| Maintenance Services: | Provided by | \$0.0599 |
| Street Lighting Service: | Petitioner | \$1.6029 |

Estimated Annual Assessments:

| | | |
|---|--------------------------|---------------------------|
| | <u>First Year</u> | <u>Second Year</u> |
| Maintenance Services: | | |
| For A Typical Single-family Interior Lot: | Provided by | \$420.56 |
| For A Typical Single-family Corner Lot: | Petitioner | \$442.48 |
| For A Typical Townhouse Lot: | | \$234.75 |

| | <u>First Year</u> | <u>Second Year</u> |
|---|-------------------|--------------------|
| Street Lighting Services: | | |
| For A Typical Single-family Interior Lot: | Provided by | \$80.15 |
| For A Typical Single-family Corner Lot: | Petitioner | \$139.45 |
| For A Typical Townhouse Lot: | | \$35.26 |

The above annual costs and assessment information for multipurpose maintenance services are for informational purposes only and were calculated based on current costs assuming that maintenance services were to commence this year. Actual costs for multipurpose maintenance services will be determined at the time of the multipurpose maintenance assessment roll hearing.

State or Federal grants are not applicable to this Special Taxing District.

In accordance with the requirements of Section 18-2 of the Code, to provide street lighting in new subdivisions through the creation of Street Lighting Special Taxing Districts, and in compliance with the provisions of Sections 18-3 (c) and 18-16 (i) of the Code, I have reviewed the facts submitted by PWWM and concur with their recommendation that the boundaries of the District be amended to include contiguous property in order to provide multipurpose maintenance and public street lighting services.
